Mayor Lamont Merrill, City Counsel and Staff

## Dear Sugar City Residents:

**WATER METERS:** Last meter reading of this year will be taken at the end of this month. Save money – stop watering by **October 31<sup>st</sup>**. This will keep the sewer portion of your bill lower through the winter.

**FALL CLEANUP:** Cleanup starts at 8 a.m. on October 19<sup>th</sup>. We will start on the southwest corner of town and then move east, and then start on the north side of town on the west and move east.

Since it is expensive for the crews to backtrack, *we will be unable to accommodate backtrack requests.*

Yard waste, appliances, and other items can be set out in the alley. Items may also be placed in front of your home (only in cases of there being no alley). There is also a dumpster in the compound north of where the silo stood for clean-up items to be discarded.

Please cut tree limbs to ten-foot lengths or less. Be courteous and make sure the items set out do not become a public nuisance or are loose to blow in the wind. Thank you for your help in this effort.

**ALLEY CLUTTER:** We have noticed that many of the city alleys are being used to park campers, trailers, fire wood and other debris. Please remember that these city easements are for utility services, city equipment and emergency equipment only.

**PUBLIC HEARING:** A public hearing will be held on Thursday, October 15, 2015 at 7 p.m. at Sugar City Hall regarding the application for a Special Use Permit for a proposed fertilizer plant that will produce a dry nitrogen peat moss mix. For more information please contact us as city hall.

**AMERICAN'S WITH DISABILITIES ACT SIDEWALK GRANT:** The city has received a grant to remodel sizeable sidewalk intersections on Center Street to make them more easily accessible.

**UTILITY FEE INCREASE:** A reminder that utility fee for water, sewer & garbage will increase starting in October. You will notice the increase on your November billing. Please call if you have questions.

Due to regulations, please be reminded that we cannot pick up:

- leaves and grass clippings unless they are bagged,
- large projects such as remodeling materials, roofing, large pieces of concrete and tires,
- and hazardous waste such as: paint, chemicals, batteries, and used oil.
