What Happened Last Month ...

TREATS IN THE STREETS was a spooktacular success! Every year the event grows with attendance & vendors. We had over 700 lbs of candy that was passed out to our lil' trick or treaters. We had an estimated 3,500 people attend our Fall event. The city would like to give a big thank you to our volunteers who did FREE facepainting for the kids, helped manage the event, and so much more to make a remarkable event. Thank you to our first responders who participated, our vendors, and our following GENEROUS sponsors who make this event possible! THANK YOU to our supportive Community for coming out to make it a hit!
